

SSE™ 6 System White

OVERVIEW

The SSE™ 6 is a two-way system featuring the highly acclaimed Peavey 14XT titanium compression driver with a Sound Guard IV tweeter protection network and a maximum-performance 6.5" woofer. It is rated at 150 Watts program and 300 Watts peak. This lightweight speaker system is ideal for smaller venues where space is at a premium. Connections include a four-pin Neutrik® Speakon® or a paralleled two-position terminal block for additional cabinets. The SSE™ Series is available in black and off-white finishes.
