

Blizz Whizz™ FOG

Creates a heavy, long-lasting clouds of thick, white fog.

Give your show a thick foggy atmosphere with Blizz Whizz™ premium fog juice. Compatible with all water-based fog machines, Blizz Whizz™ fog liquid can create tons of odorless non-toxic fog. One gallon of fog juice can easily create 15-20 hours of fog, depending on the wattage and pump size of your fog machine.

Blizz Whizz™ HAZE

Creates a thin, translucent haze perfect for lighting effects.

Blizz Whizz™ Haze Fluid is a water based haze fluid designed to produce superior quality haze, that is great for beams of light and special effects of any kind. It makes a perfect translucent haze with long hang time, low moisture content, and will work great with any water-based haze machine with amazing results.
