

# CITY COUNCIL ROOM SOUND SYSTEM

## PREMIUM CEILING SPEAKER ARRAY & DIGITAL DISCUSSION SYSTEM WITH BUILT IN MP3 USB RECORDING

### INSIDE THE DESIGN

This premium city council meeting and public hearing room sound system with recording capabilities provides 360° of crystal-clear audio coverage and is great for applications such as federal, state, and local government city councils, city council chambers, community meetings, chamber of commerce meetings, and public hearings. The system includes our high-quality 2'x2' SD5 ceiling speaker, our 120W RMA120BT mixer amplifier, a Bosch CCS 1000 discussion system with a chairman mic, and 10 delegate or member microphones. Also, enjoy the reliability of MIPRO's 2.4GHz Digital Diversity ACT-2400 Series wireless system for keynote speakers, as a podium mic or to hand out and pass around to the public, the system also includes an assisted listening system for the hearing impaired.

### SYSTEM FEATURES

- 360° x 180° Coverage: Powerful proprietary speaker design that produces high quality vocal intelligibility and uniform room coverage made possible by a dramatically lower crossover point
- Crystal Clear Sound: The 3" tweeter design works in perfect harmony with three 5.25" drivers to produce clear speech intelligibility and exceptional music reproduction
- Easy to Install: Just remove one ceiling tile and drop the speaker into any standard 2x2 or 2x4 drop tile ceiling, attach the safety cable and speaker wire. Installation becomes a matter of minutes instead of hours
- Bluetooth-Enabled: The RMA120BT supports playback from Bluetooth-enabled devices such as PCs, iPads, tablets or mobile phones
- Reliable Wireless Mic: 2.4 GHz wireless mic eliminates interference from TV stations and cell phone towers
