DX012

DX OUT EXPANDER

The DX012 provides 12 line outputs Or 8 Stereo AES outputs in a rackmountable 1U stagebox form factor. The DX012 can be used on the SQ Slink port or on dLive DX port.

The DX012 offers 12 XLR outputs which can be switched to AES3 per set of 4. The sample rate of the AES3 outputs can be set by a switch on the frontpanel. The DX012 can be connected by a single or redundant connection, or used in daisy chain mode to add an extra DX012 on the same DX port. The DX connection can be run over an L2 VLAN. A unique auto firmware matching feature keeps the DX012 in sync with the rest of the dLive or SQ system.

DX012 is compatible with dLive and SQ series.

Key Features

- 12 Analogue outputs

- Or 8 Stereo AES outputs

- 96khz

- Daisy Chain or redundant

Benefits

- Rack mount 1U

- SQ /dLive compatible

- L2 compatible

- Auto Firmware matching
