

FOOTBALL FIELD SOUND SYSTEM

4 ATLAS SOUND STADIUM SPEAKERS, 2 SUBS, STADIUM HORN,
2 CROWN POWER AMPLIFIERS & BLUETOOTH MIXER

INSIDE THE DESIGN

This powerful football field sound system delivers exceptional coverage and sound quality for foreground music and clear intelligible vocals for play-by-plays, announcements and paging. This sound system for football fields comes with two 90° x 90° horn loudspeakers, two 90° x 40° horn loudspeakers, two low frequency horn subs, and a 15" long throw arena stadium horn speaker for directional sound distribution. Also included is a Bluetooth mixer amplifier to play music through any Bluetooth enabled device, a wireless handheld and headworn stadium microphone with a 300' operating range for the field and a wired handheld microphone for the press box. Ideal for applications such as football, soccer, track and field, lacrosse and other stadium school events, this high output press box sound system will cover a crowd of more than 3,000 fans. Gone are the days of incomprehensible speech and wimpy music systems, the spectators and players will truly be impressed with this amazing sounding high-performance football stadium sound system for years to come.
