## STNet® Dante-Enabled Soundbar

An ultra-thin 2-way Dante-enabled digital end-point solution in a soundbar configuration. The Soundbar brings Dante connectivity from end to end in conferencing and video installations. Measuring only 1.5 inches thick where the bar meets the TV, it incorporates a right and left speaker with four 3-inch ultra-long throw polypropylene woofers with NBR surrounds, four bass radiators, and two 0.75-inch synthetic soft dome tweeters.

- Flat Panel Dante 2-Channel Soundbar
- IP Addressable
- Dante and AES67 Compatible
- PoE Powered
- 100dB Max Output
- Configurable with onboard DSP

- Micro-controlled monitoring of speaker functions
- Ideal Applications:
  - Conference rooms
  - Classrooms
  - Boardrooms
