

Product Overview:

Offer your clients, customers, and students a complete assistive listening solution wherever it is needed with the ListenTALK ADA system. The LKS-4 meets all IBC and ADA requirements for rooms with a capacity up to 75. The portable system is easily transported and stored in its own carrying case and is ready to use in less than a minute.

From classrooms to conferences, boardrooms to houses of worship, the LKS-4 gives you a complete package to begin offering on-demand assistive listening right away.

Highlights:

- Takes less than a minute to set up and use
- Simple user interface (no channel surfing)
- Easily portable in small, compact case
