

HYBRID ROOM-READY SOLUTION

All components needed for a high-quality, hybrid meeting experience.

Lenovo, Yamaha and AVer have come together to create a room-ready solution for hybrid meeting spaces. Inclusive of a complete audio system, conference camera, control system and touch panel, these devices have been tested and work seamlessly together to provide a complete solution for customers.

MS TEAMS CERTIFIED

All devices have been tested and certified by Microsoft for Teams Room use.

END USER FRIENDLY

Simple to initiate and control meetings, share content, and collaborate.

EASY SET UP

All devices are easy to install, configure and connect to the ThinkSmart Core.

ONE SKU

Sold exclusively at Synnex:
LEN-YALLARGEROOMCEILING

ThinkSmart Core + Controller

Add smarter collaboration technology to meeting rooms of all sizes with our ThinkSmart Core + Controller - built on the Intel vPro® platform and perfect for employees to connect, share, and collaborate seamlessly and securely.

Preloaded with Microsoft Teams Room

Windows 10 IoT Enterprise SAC OS

10.1" HD anti-glare, anti-smudge display with a 10-point touchscreen

Integrated IR sensors that detect presence in the room and automatically turn the system on/off

USB-C connectivity

Deploy, monitor, manage, and troubleshoot remotely

Includes one year of "Premium level" manageability console subscription

ADECIA Ceiling Mic & Speaker Solution

This ceiling microphone & line array speaker solution helps overcome challenges with implementation, configuration and room acoustics by providing all components required for a successful installation and automatic technologies that reduce set up time, costs and complexities.

Automatically detects components, configures devices, and optimizes audio performance for the room environment

Simple three-step guided set up wizard via web UI

No fixed lobes

Unique dynamic beam tracking technology utilizes four beams to automatically track voices within the room simultaneously

PoE+ Connection + Dante-enabled

Includes ceiling mic (white or black), line array speakers (white or black), audio processor & switch

CAM520 Pro2 Conference Camera

An industry-leading conferencing camera designed for medium to large conference rooms, the CAM520 Pro2 makes meetings a breeze with agile features like 18X total zoom and SmartFrame that automatically shifts the camera's focus and follows the presenter throughout each saved zone.

Features Sony True WDR, IP video streaming, and a PoE+ port

Full HD 1080p video at 60fps via USB 3.1 streaming or RTSP/RTMP H.264 broadcasting

Enterprise-grade video with 18X zoom (12X optical + 6X digital)

Zoom in on whiteboard content, documents, or people at an 84° FOV up to 60 feet away without any distortion

Next-generation facial and body detection - up to 10 meters away
