

CLAMP-ON DRINK HOLDER

MSA5050 | 12023

Friction locking knob secures nylon tipped screw to mic stand or boom.

Soft Neoprene rubber keeps your drink hot/cold and also prevents condensation from dripping.

FEATURES AND BENEFITS

Never knock a drink onto your gear or kick it over on the floor again. This Clamp-On Drink Holder keeps your drink safe and within easy reach while you perform. The attachment piece fits most standard mic stands and booms. The interior is lined with Neoprene rubber to keep your drinks hot/cold and will also prevent condensation from dripping on your equipment.
