

BASEBALL FIELD SOUND SYSTEM

WITH 2 COMMUNITY OUTDOOR PA SPEAKERS AND YAMAHA
POWERED MIXER WITH FEEDBACK SUPPRESSOR

INSIDE THE DESIGN

This powerful outdoor PA system for baseball fields is perfect for high output music entertainment, play-by-play announcements, and paging where vocal clarity and even coverage is essential. The players on the field and spectators in the stands will appreciate the incredible clear audio from this high-performance sound system. Ideal for softball, baseball, and other sports and athletic playing fields.
