

# WHITE NOISE OFFICE SYSTEM

WITH 20 PENDANT SPEAKERS & RACK MOUNT MULTI ZONE  
SOUND MASKING GENERATOR

## INSIDE THE DESIGN

This sound masking system design comfortably adds ambient white noise for speech privacy and can also incorporate background music, and paging into different zones to create an efficient workspace – increase privacy, improve focus or effectively mask a disruptive environment. This sound masking solution is perfect for a number of applications including offices, medical facilities, call centers, banks and financial organizations, hotels, military and government agencies, law enforcement, law offices, spas, educational institutions and retail stores or any space where reduced distractions and speech privacy is required.

## SYSTEM FEATURES

- C3 pendants provide the smallest footprint while maintaining high-quality sound, 20 speakers cover approximately 3000SF
- Ideal for exposed structure or open plenum ceiling venues where a stylish contemporary speaker coordinates well with the architectural design
- Eliminate distractions, create a productive workspace or just a pleasant atmosphere. Adds unobtrusive sound masking and speech privacy for your business
