

## Loudspeaker Accessories

# CMS 503 PI BACKCAN

Back Can for CMS 503 PI Series  
Ceiling Loudspeakers (Pre-Install)

- Acoustically enhanced zinc plated steel back can for CMS 503 PI series ceiling loudspeakers
- Designed for pre-installation in newly constructed non-suspended ceilings
- Back can and containment can be installed prior to completion of ceiling
- Low profile for ease of installation in shallow ceilings
- Flexible metal straps included to ensure secure fixing of back can
- Optional plaster ring to identify pre-wire location (available separately)
- Phoenix\* connectors for input and link output
- 3-Year Warranty Program\*
- Designed and engineered in England

The CMS 503 PI BACKCAN is an acoustically enhanced zinc plated steel back can designed for the pre-installation of CMS 503ICT PI and CMS 503DC PI loudspeakers in newly constructed, non-suspended ceilings. Early installation of the low profile back can is fast and simple via the included flexible metal straps, and significantly reduces the amount of time required for project finalisation. Phoenix\* connectors are provided for input and link output. Optional plaster (mud) rings are also available separately to identify pre-wiring locations.

### You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world.

As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
