

**BUSKER**

200W Premium Battery Powered Portable PA

Premium Portable Sound The Alto Professional Busker is the battery-operated PA for the active on-the-go musical performers who demand top-tier sound in a portable solution that will be at home on any stage. With its optimized woofer and tweeter pairing for 200 watts of output, Busker delivers clear, focused sound that makes your music shine in any environment. Connect your mics and line level instruments or devices with the integrated 3-channel mixer with easily accessible control knobs to dial-in volume without stopping the music.
