

CLEAR VOICE™

DELIVERING SOUND AS A TACTICAL TOOL

LT-PMS-1HH

The compact **LT-PMS-1HH Handheld Magnetic Audio Device** is the tactical tool every law enforcement agency should have in their arsenal when dealing with crowd control situations, critical announcements, and emergency response scenarios. The LT-PMS-1HH weighs less than 12lbs and has a rechargeable battery that can run for over 11 hours of continuous use. The advanced **planar technology** generates a unique sound wave that effectively delivers a clear and intelligible message up to 200 meters (626 feet) away. The power of this advanced technology is the ability to perform at these long distances and superior audible levels while operating at 10 decibels lower than the ambient noise level of the environment.

The rear panel controls allow for easy access to the (3) built-in warning signals, microphone input, and (2) auxiliary audio inputs (iPod, MP3, or similar unit) for pre-recorded messages. The LT-PMS-1HH comes with; rechargeable battery pack, AC battery charger, wired headset microphone, MP3 player, and 1/4" adapter cable.

There are available accessories to enhance the performance and function of the LT-PMS-1HH that can be ordered with the unit or at a later date. Tripod speaker stand, tripod stand adapter, hardshell road case with wheels and handle, wireless microphone system, spare headset microphone, spare MP3 player, spare battery and charger, custom mounts.

The rugged weather-resistant design is suitable for the harshest of environments and comes with a (3) three year factory warranty.

CLEAR VOICE IS THE CLEAR CHOICE
HEARING IS BELIEVING
