

PV® 15PM 2-Way Powered Floor Monitor

OVERVIEW

The Peavey PV 15PM is a two-way powered monitor system engineered with a bi-amplified class D power section that drives a 15" woofer with a 2 3/8" voice coil and a 1.4" titanium diaphragm 14T™ compression driver with 200 watts total power. The high-speed amp topology yields the highest audio resolution and efficiency available, and combined with the woofer's neodymium speaker magnet, yields extra-light weight.

FEATURES

- Both power amps have DDT™ speaker protection
- 15" heavy duty woofer with 2-3/8" voice coil and neodymium magnet
- Woofer Servo for reduced woofer distortion
- Automatic equal loudness (Fletcher-Munson) compensation
- 14T 1.4" titanium compression driver
- Peak SPL up to 120 dB with music
- Combo jack with 1/4" TRS and female XLR mic- or line-level balanced input
- Two 1/4" phone jacks for link-out / direct-in capability
- Bi-amplified Class D powered system with 200 W total power
- Weight Unpacked: 49.82 lb(22.6 kg)
- Weight Packed: 55.56 lb(25.2 kg)
- Width Packed: 19.375"(49.2125 cm)
- Height Packed: 27.75"(70.485 cm)
- Depth Packed: 17.25"(43.815 cm)
