

Product Overview:

The LA-308 Hearing Assistance Signage ensures guests are aware of an Auri™ assistive listening system at your venue, helping you meet compliance requirements for assistive listening. These signs offer clear instructions for users to connect using their own Auracast™-enabled products while also showcasing the availability of Auri™ Receivers provided by the venue for checkout.

Measured at 8.27 inches by 11.69 inches

Highlights:

Each kit includes one (1) Hard Plaque and one (1) Window Cling, both of which are ready for mounting at a convenient and visible location in your venue.

Includes:

- One (1) Hard Plaque (with double sided tape)
- One (1) Window Cling
