MIC      MUSIC

CE

**GND-LIFT**

The diagram shows the internal wiring of the rear panel. It features two 'MIC' input labels at the top, a 'RCA 3.5mm' output label, and a 'GND-LIFT' switch. Below these are two circular indicators labeled 'MIC' and 'MUSIC'. A 'LEVEL' knob is positioned between the 'MIC' and 'MUSIC' indicators. The 'ROLLS' logo and 'Podcast-Pro DB27' model name are prominently displayed. At the bottom left, there is an 'OUTPUT' switch with 'ON' and 'OFF' positions, and a CE mark with a crossed-out X.
