

6* 60-Watt OSRAM™ RGBW Moving Head

Looking to up the ante and bring down the house at your next gig? You can't lose with Snake Eyes™ multi-beam LED moving head fixtures!

Snake Eyes™ is an incredible, futuristic cube shaped moving head fixture fitted with 6* high output OSRAM® 60-watt RGBW LEDs (one per side), each with an ultra-sharp 4° beam angle. A bonus of 12* RGB strips beautifully highlight each edge of the head, which can perform color chases in auto mode or be controlled via DMX with a separate dedicated strip chase speed control channel.

Aerial effects from Snake Eyes™ fixtures are a truly amazing sight to see with insanely bright, richly saturated RGBW mixed colored beams coming from any or all directions with user-selectable 630°/540° pan, never-ending infinite tilt, and smooth 3-phase motors. It just has a "wow factor" that is off the charts (for a price that's not)!

Snake Eyes 2 user-selectable DMX modes (15/37-channels) allow ease and flexibility in programming, as does its easy-to-use 4-button LCD control panel. Power connection is via industry standard powerCON® compatible input jack, and DMX 3-pin and 5-pin In/Out jacks + dual quarter-turn "Omega" quick connect type clamp brackets round out the pro feature set.

And as course, Snake Eyes™ fixtures are backed by Blizzard's 2-year warranty.

Main Features

- 6* 60W OSRAM® RGBW 4in1 LEDs, 50,000 hours
- 12* DMX controllable RGB strips
- 630°/540° pan, 360° infinite tilt
- Smooth 3-phase motors
- Automatic pan/tilt position correction
- User selectable 15/37-channel DMX modes
- 1-25Hz strobe
- Built-in auto/sound active programs
- 0-100% linear LED dimmer
- 3/5-pin male and female DMX In/Out
- PowerCon™ compatible AC power Input

Warranty

- 2-year limited warranty, does not cover malfunction caused by damage to LEDs.

SNAKE EYES™

Light Source

- 6* 60W OSRAM® RGBW 4in1 LEDs, 50,000 hours
- 12* controllable RGB strips

Control

- Protocol: USITT DMX-512
- DMX Channels: 15/37-channels
- Standalone, Master/Slave, Auto, & Sound Active
- 3/5-pin DMX input/output
- Easy-to-use, 4-button LCD control panel

Optical

- Beam Angle: 4 degree
- Luminous Intensity: 37,434 Lux @ 2m | 7,306 Lux @ 5m (x6)

Power

- Operating Voltage: 100-240 VAC, 50-60Hz
- Power Consumption: 680W, 5.95A, PF:98

Operating Temperature

- Max. Operating Temp.: 104 degrees F (40 degrees C) ambient

Dimensions

- Width: 16 inches (407 mm)
- Depth: 12.2 inches (309.1 mm)
- Height: 19.2 in. (486 mm)
- Weight: 32 lbs (14.5 kg)
